

# SW AHSN Business Plan – 2016/17

## - supporting delivery of the FYFV 'Triple Aims'

### Understanding priority challenges

Health & Wellbeing Gap

Care & Quality Gap

Funding & Efficiency Gap

#### Intelligence Hub

- Offering the best intelligence to inform the planning, commissioning and measuring of service development and create the right environment for information exchange of ideas to accelerate adoption of good practice
- Strategic Organisational and Programme Analysis Support
- Patient centred co-ordinated care (PCCC)
- Data capture – populated linked data
- Evaluation (Academic/AHSN and support)
- Regional capacity - Intelligence Hub
- IM&T - to include Information Governance
- Connecting people virtually and sharing

### Exploring solutions and developing innovation

#### Innovation Hub

- Accelerating the development and adoption of innovation into the health and care system
- SW AHSN Innovation Pathway™ connects the NHS and local authority commissioners with industry, academic and community based organisations from the VCSE sector
- Innovation Labs 'hackathons'
- NHS Innovation Engagement Programme
- Industry/VCSE Shadowing Programme
- Industry/VCSE engagement service
- Funding and investment partnerships
- Market access clinics for industry and VCSE innovators
- Broker innovation partnerships: clinical trial, evaluations, adoption and spread

### Spreading good practice and improving quality

#### Improvement Hub

- Improving the quality of care by becoming the 'go to' place for improvement expertise, training and coaching;
- Patient Safety Collaborative
- Medicines Optimisation
- Improvement Programmes
  - To include Rheumatoid Arthritis pathways, Calprotectin Audit, Dementia and Mental Health. Supporting the national AHSN spread and adoption agenda by supporting the roll-out of Flo Health
- New Models of Care
  - Primary care new models, CEPN
- 100,000 Genomes Project

Sharing good practice and connecting people

*'Working together to achieve better health and wellbeing'*
